340 Municipalities

39 Provinces and Metropolitan Cities

6 Regions

27 Mountain Communities and Parks

69 Supporters

The Association is a network for local authorities to exchange ideas, projects and good practices.

Coordinamento delle Agende 21 Locali Italiane

Supporting structure

Coordinamento Agende 21 Locali Italiane became “Supporter” of the Covenant of Mayors campaign in September 2009.

Coordinamento Agende 21 promotes the European initiative of the Covenant of Mayors for Energy and Climate, supports the signatories' commitments and supports municipalities in implementing the SECAPs (Sustainable Energy and Climate Action Plans).

“Coordinamento” to support public bodies

WHY?

- To **support** local authorities that lack skills and resources in order to fulfil the requirements of the Covenant of Mayors and to implement policies and action on sustainable development in the framework of ONU Agenda 2030 (**Sustainable Development Goals – SdGs**).

WHO ?

- Regions, Provinces/Metropolitan cities, Union of cities; Municipalities
- Associations/ Network of local authorities

HOW?

- **Spreading** the concepts and commitments of the Covenant of Mayors and Sustainable Development.
- **Giving guide and support** for the definition of Sustainable Energy and Climate Action Plans (SECAPs) and local Action Plan.
- **Monitoring** the implementation of SECAPs.
- **Networking** with the European Commission and the Covenant of Mayors’ Office.

Our main activities

1. Promotion of international, European and national **initiatives on sustainable development** (i.e.: ONU Agenda 2030 – SDGs) and climate change (i.e.: Covenant of Mayors, EU programme).
2. **Training, awareness-raising and information** activities on sustainable development issues.
3. **Sharing of best practices.**
4. **European projects.**
5. **Networking** with other networks and associations at national and international level (Rete Città Sane, ICLEI, Climate Alliance, Comité 21, Kyoto Club, Borghi Autentici d'Italia, Comuni virtuosi).
6. Strengthen the **relationship** and create **synergies between networks.**

Networking

The **Networks of Cities** are fundamental and strategic to support of the Municipalities for:

- Strengthen **training** and increase **skills**.
- Encourage the **exchange of experiences, good practices, tools** (methodologies, guidelines, etc.).
- **Implement projects** (European, national, local).
- Intercepting and accessing **public and private funding** (foundations, banks, etc.).
- **Collect and vehicle the requests of the municipalities to regional and national tables.**

BORGH
AUTENTICI
D'ITALIA

Relationship and synergies between networks

- **Developing tools** for territories and cities
- **Reaching a wider audience** of bodies, organizations and territories
- **Dialogue with higher-level bodies** (Regions and Ministries)
- **Promote joint campaigns and initiatives.**
