

“In the form of shinin’ valleys  
Where the pure air recognized  
And my senses newly opened  
And I awakened to the cry  
People have the power  
People have the power  
People have the power  
People have the power  
Listen, I believe everythin’ we dream  
Can come to pass through our union  
We can turn the world around  
We can turn the earth’s revolution  
We have the power  
People have the power”

(Patty Smith – People have the Power – 1988)

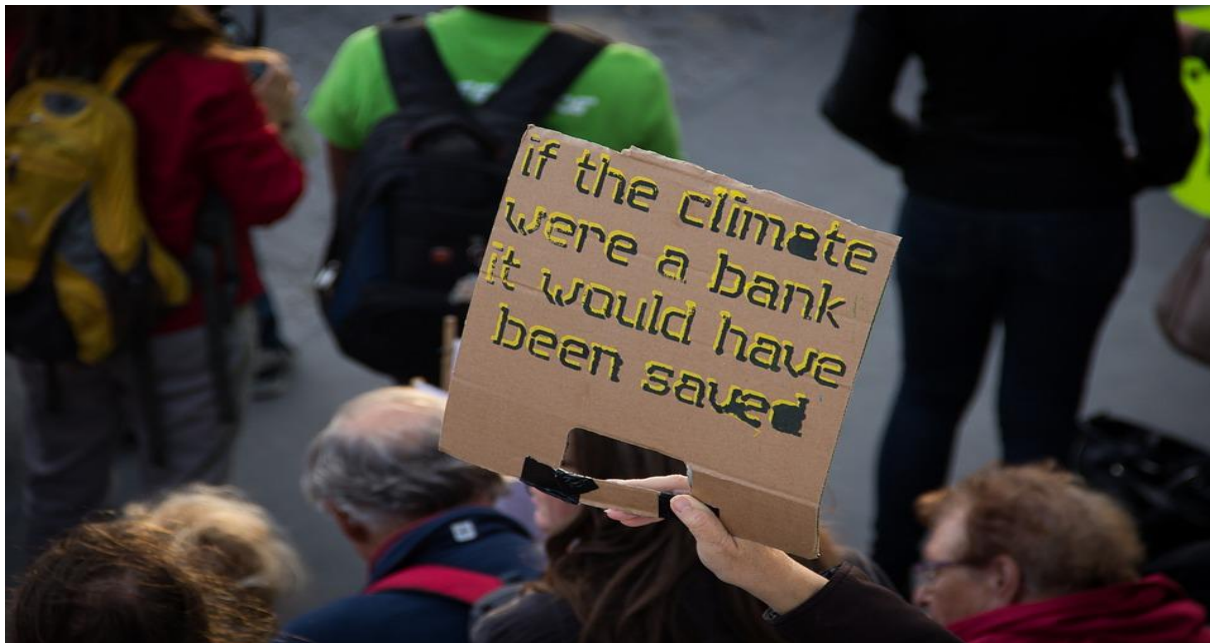

# WOMEN EMPOWERMENT acts

to ensure that every woman and every family is able to live their daily life in a better and more efficient way, in every aspect of their lives: from the most playful and light to the most complex one, by providing both informative and practical solutions. Women Empowerment works in every field by creating a network of people who assist with the supply and demand of services, information, sharing needs, and by also focusing on women's solidarity and empathy. It is essential to have male participation, in order to learn how to communicate, understand and support women in today's society, so that everything around them changes for the better and creates a harmonious atmosphere.

# WOMEN EMPOWERMENT

believes in the extraordinary power of people to fight the climate emergency we are facing nowadays.

We believe  
that the most  
extraordinary  
changes are  
made from  
small acts.

We believe that people together, no matter where in the world they live, just by performing a few small and imperfect acts, CAN really make a difference.

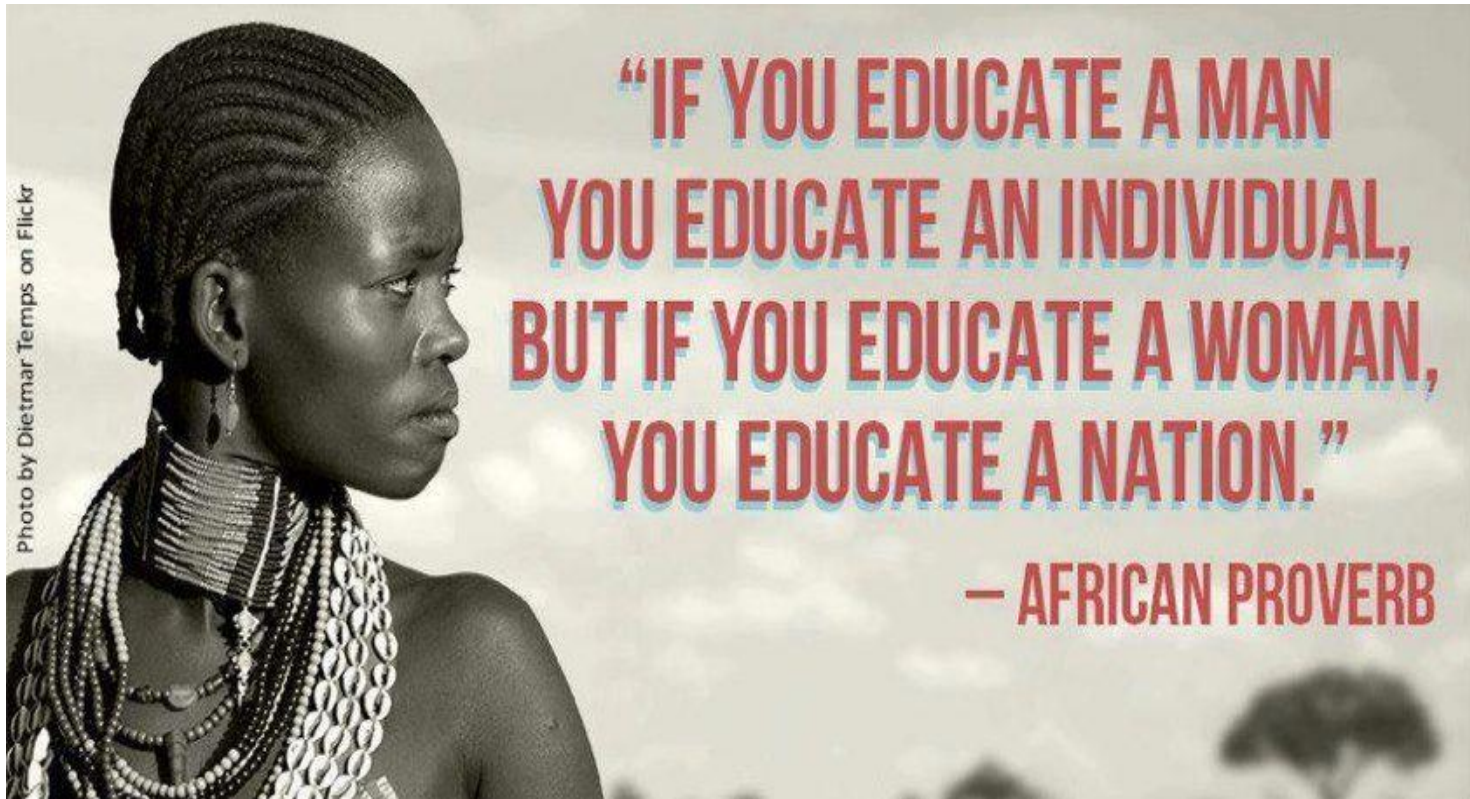

But every change needs training and support.

We offer support and collaboration to individuals and companies in order to live more sustainably.

# WE HAVE TO CHANGE OUR PERSPECTIVE

As a woman and as a mother I feel worried  
about my child's future.  
The world won't be the same if we don't act  
right NOW.

I WOULD LIKE TO PROVIDE MY CHILD A BETTER  
FUTURE AND I'M SURE  
THIS IS THE DREAM OF ALL THE PARENTS  
AROUND THE WORLD...

Make  
the world  
a better place

SO, LET'S MAKE THIS  
DREAM COME TRUE!

Women Empowerment  
counts on precious  
collaboration of dr.  
Francesca Abate from  
Barcelona to make this  
change come true.
