

Turkey's Fight with Climate Crisis

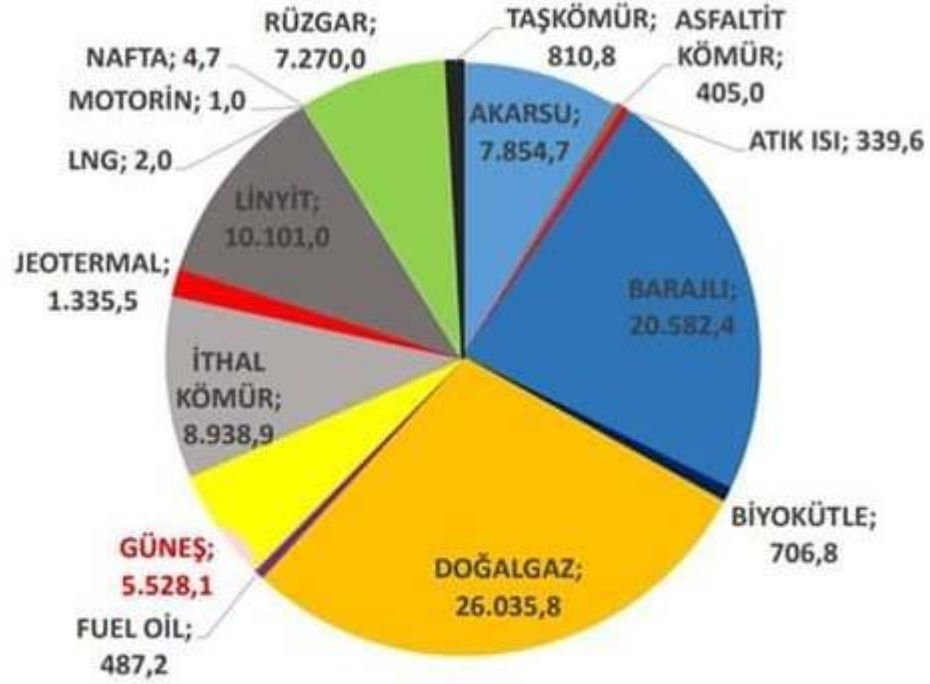

Tolga ŞALLI
Vice President
Environmental Energy Association

The CO2 emissions of the countries pollute the world most-2015

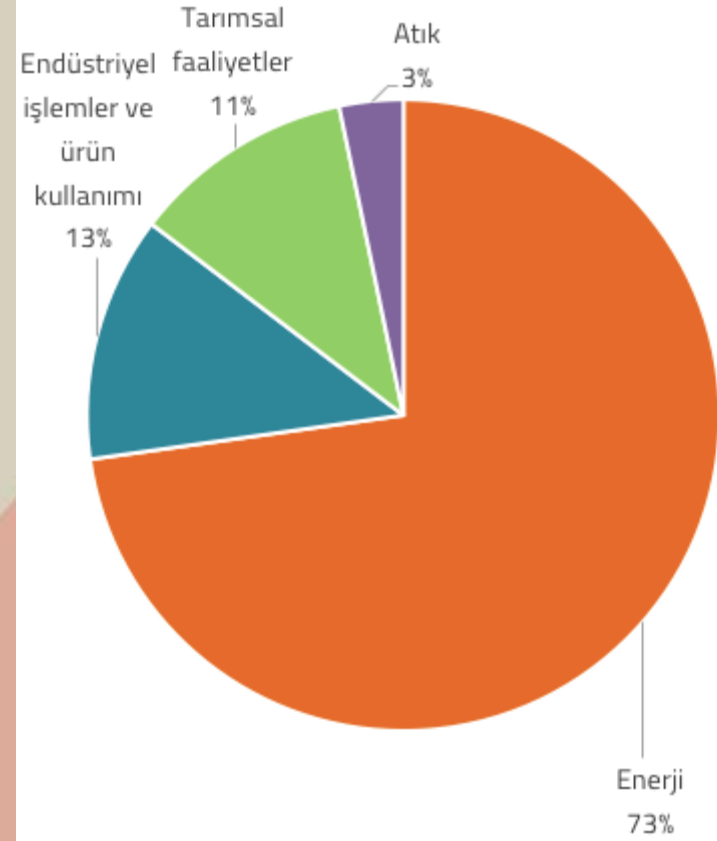

If we consider the emission gases polluting the world as 100, Turkey causes %1 of these greenhouse gas emissions.

2016 Yılında Sektör Emisyonlarının Toplamdaki Payları

6 of 10 IS CONCERNED

According to research called “The coherence of climate change in Turkey 2019” 6 out of 10 people is concern about climate change in Turkey and one of two people shares that they feeling the effects of climate change already.

SOME AGREEMENTS AND PROTOCOLS

Climate Change Framework Convention of United Nations:

The UNFCCC entered into force on 21 March 1994. 197 countries have ratified the Convention.

Kyoto Protocol: The law of Kyoto Protocol have agreed in our Assembly in February 2009.

Vienna Agreement ve Montreal Protocol : Turkey has part of this protocol in 19 December 1991 and has agreed all the changes.

Paris Agreement: Turkey has part of the agreement but hasn't ratify in Assembly yet.

CLIMATE CHANGE STRATEGY OF TURKEY 2010-2023

I WOULD LIKE TO TELL ABOUT THE IMPORTANT PARTS OF STRATEGY OF CLIMATE CHANGE PREPARED IN TWO THOUSAND AND TEN;

TO INVOLVE THE FIGHT WITH CLIMATE CHANGE IN ALL NATIONAL DEVELOPMENT PLANS;

TO RESTRICT THE GREENHOUSE GAS EMISSIONS,

CLIMATE CHANGE STRATEGY OF TURKEY 2010-2023

TO DECREASE THE EFFECTS OF CLIMATE CHANGE,

TO INCREASE THE DEGREE OF FIGHT,

TO INCREASE THE ACCESS OF THE FINANCIAL RESOURCES,

TO IMPROVE THE CLEAN R&D WORKS,

TO PROVIDE ACTIVE PARTICIPATION TO NEGOTIATIONS,

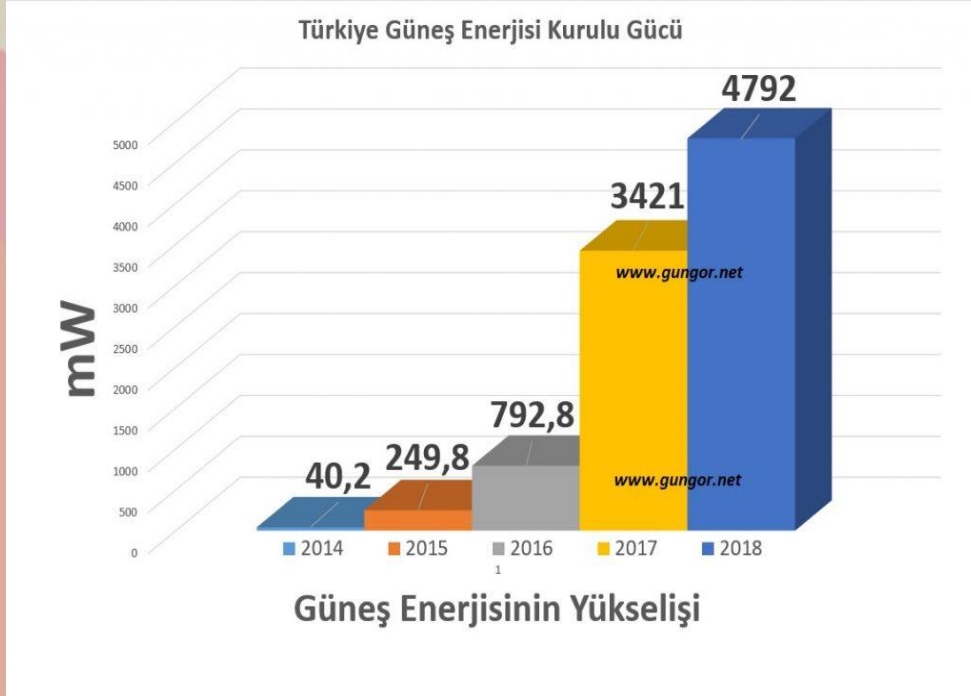

TO PREPARE THE INVENTORY OF EMISSIONS MORE HEALTHY,

TO IMPROVE THE CLIMATE CHANGE POLICIES WITH THE COOPERATION OF ALL SHAREHOLDERS.

THE DEVELOPMENT OF WIND AND SOLAR POWER IN TURKEY

AB ÇEVRE FASLI – İKLİM DEĞİŞİKLİĞİ KONUSUNDA SON DURUM

Turkey is taking some steps towards the adaptation to EU climate change legislation. Some of these steps are;

- “Legislation on Greenhouse Gas Emissions Follow Up” in May 17 2014.
- In 22 July 2014 “Rescript on Greenhouse Gas Emissions Follow Up and Reporting”
- In 2 April 2015 “The Rescript of Authorization of the Verification and Confirmative Associations on Greenhouse Gas Emission Reports,
- “Legislation on the Environmental Effects of Fuel and Diesel” in January 1 2018.

GRAZIE – THANK YOU
