# Consultation Forum – 27/28 September

27 – 28 September 2021

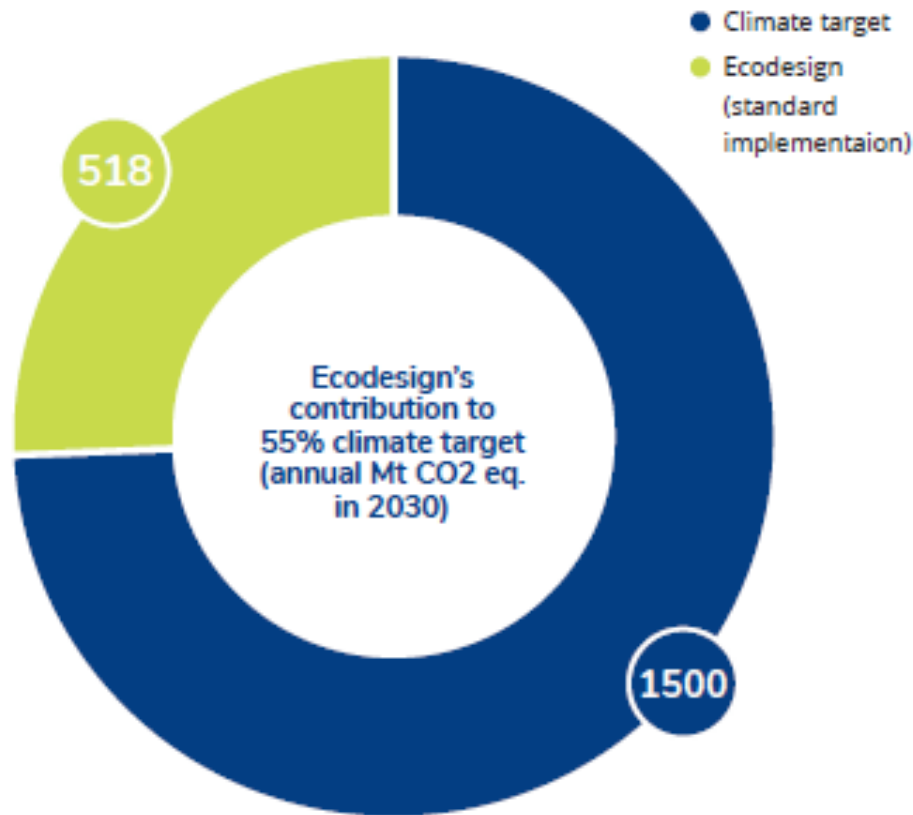

Consultation Forum meeting to discuss the draft revised ecodesign and energy labelling regulations for space heaters and water heaters

DG ENER “took advantage of the political momentum” ?

→ Letter to Commissioner Cabinets to secure level of  
ambition

# Ecodesign – Potential

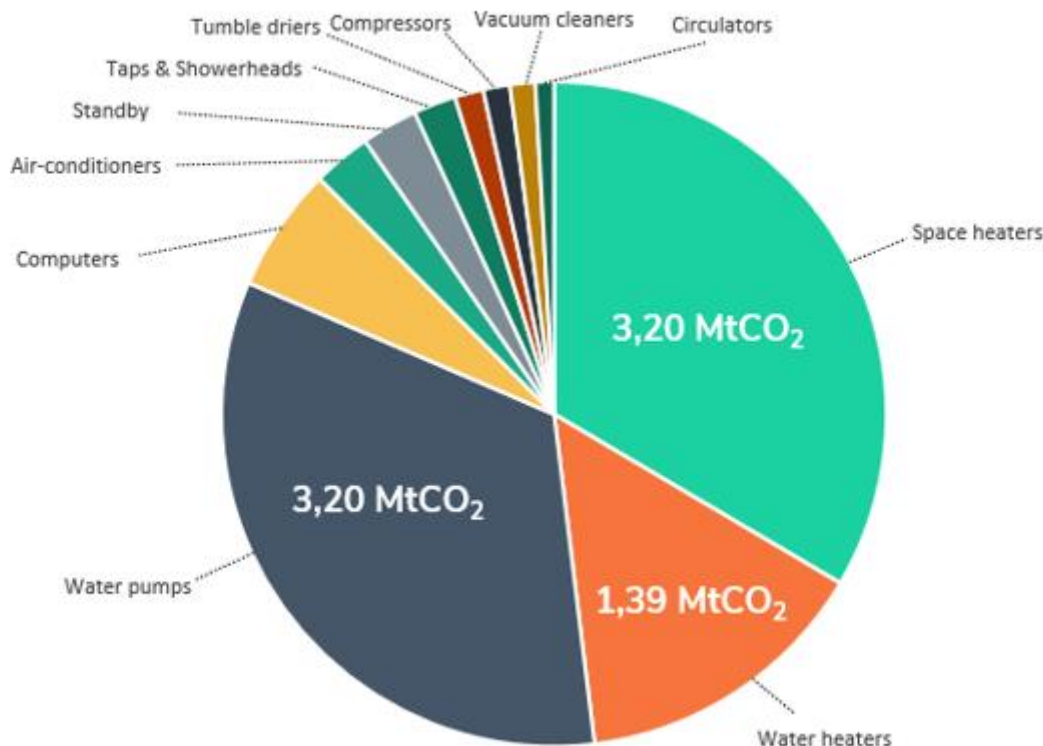

Report published 19 July: 'Delays in ecodesign implementation threaten 55% climate target and cost citizens billions'

# Ecodesign – Potential

Report published 19 July: 'Delays in ecodesign implementation threaten 55% climate target and cost citizens billions'

Title: Breakdown per product groups of estimated CO2 savings to be lost in 2030

## Space & water heaters

Consultation Forum date:  
**Not yet determined**

Estimated delay: **24 months**

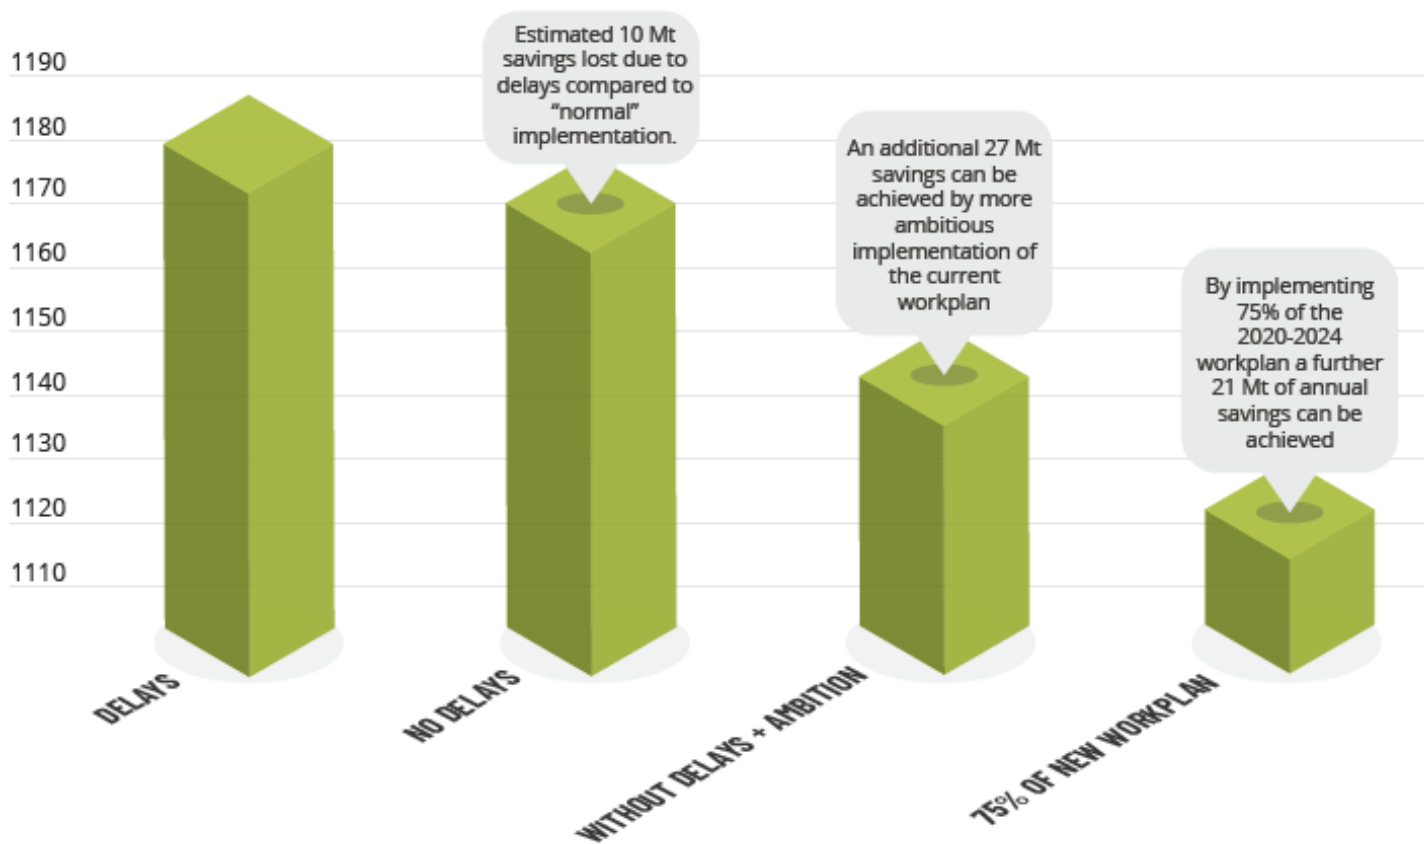

**4.59Mt** annual CO<sub>2</sub> savings lost by 2030 (both products)

**11.6 billion €** savings lost (both products)

# Ecodesign – Potential

## Additional GHG emissions caused by delays, in numbers

Total emissions of products covered under ecodesign (Mt CO2 eq)

# Thank you
